Materials Needed

1. The Free Feed the Bunny PDF
2. A cardboard box. (Such as an old shoe or cereal box)
3. White printer paper
4. Laminating sheets and a laminator
5. Craft knife
6. Glue
7. Dice (optional)

How to Make A Feed the Bunny Fine Motor Activity for Easter

1. Cut out and laminate the different components within the printable.
2. Glue the body and ears of the bunny onto the cardboard box.
3. Use a craft knife to cut a hole in the cardboard where the bunny's mouth is.

How to Play the number activity

There are different ways to play Feed the Bunny, depending on how old the children who are playing are. Kids will enjoy picking up the carrots and posting them through the bunny's mouth. Practicing counting each carrot as it goes into the box.

Preschoolers can use the dice to make this a fun math game.

Step 1: Roll the dice and count how many dots are facing upwards.

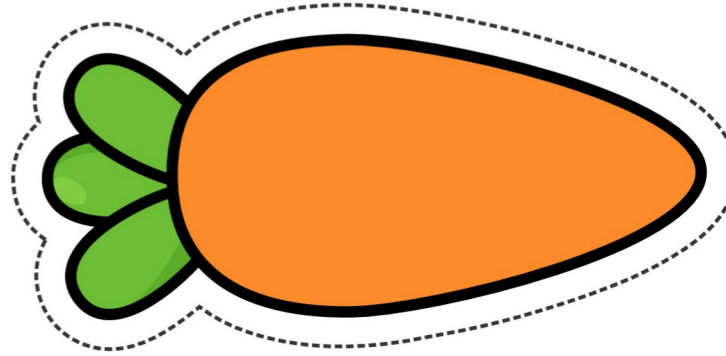

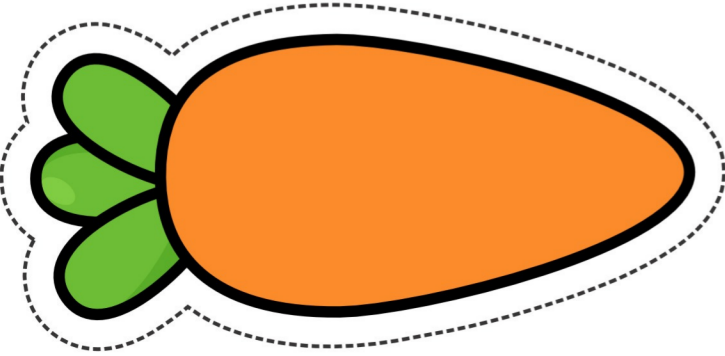

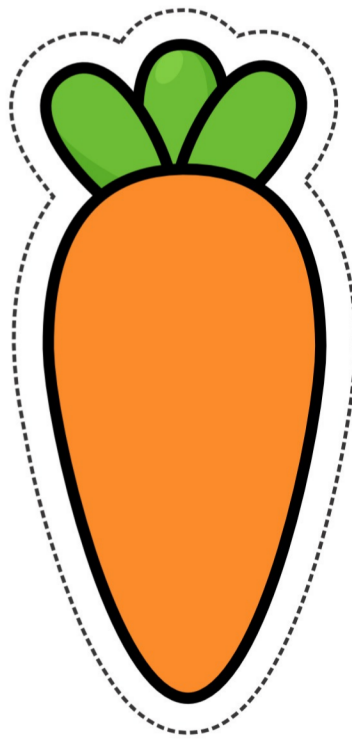

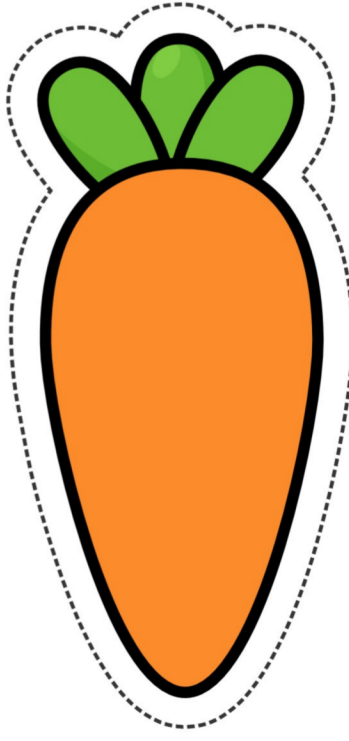

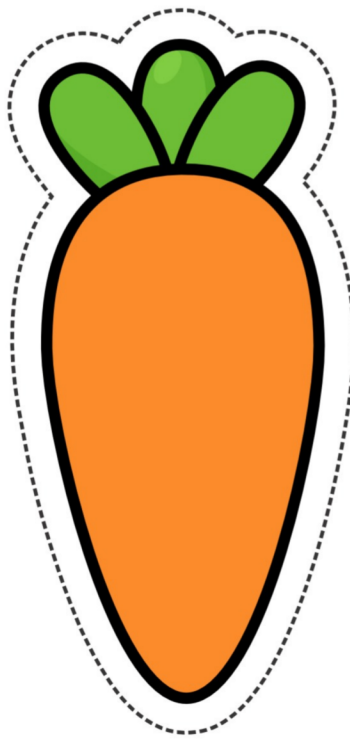

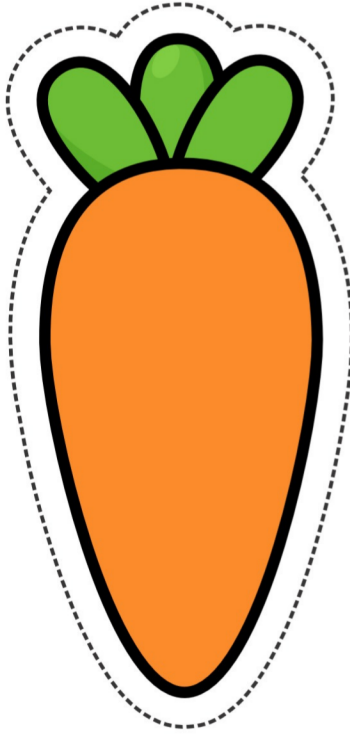

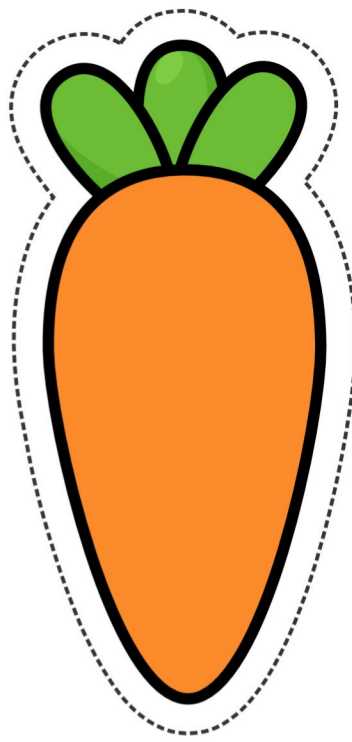

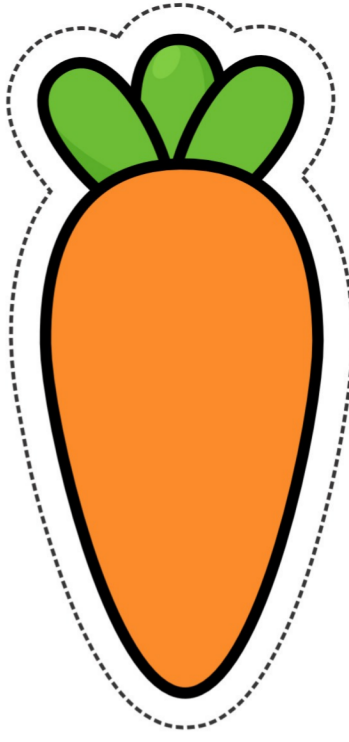

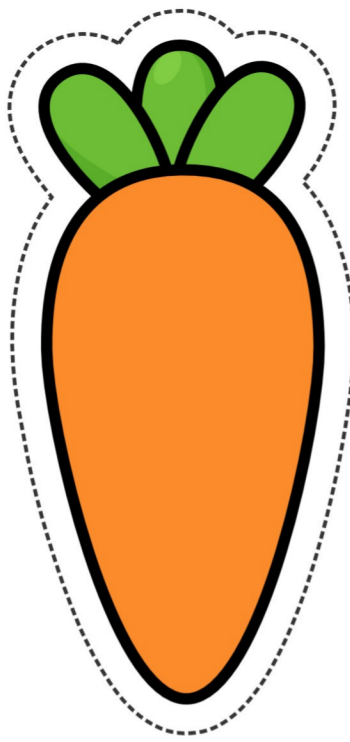

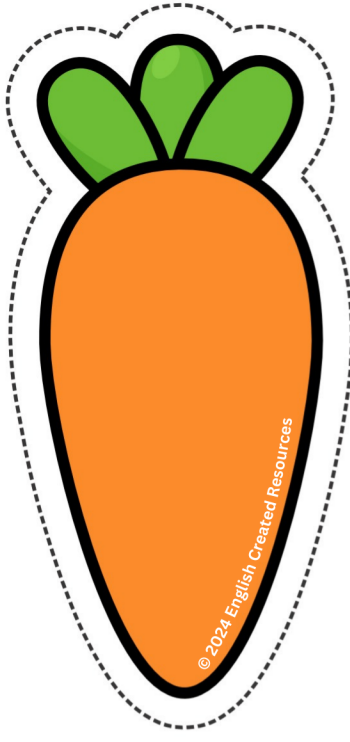

2. Place as many carrots in the bunny's mouth as the number that was rolled. For example, if you roll a four on the dice, then feed the bunny four individual (unmarked) carrots.

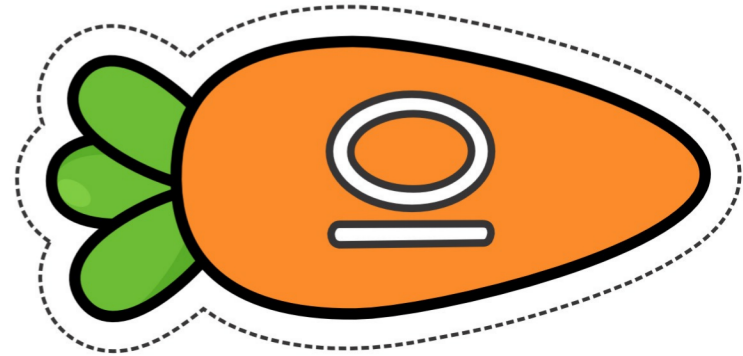

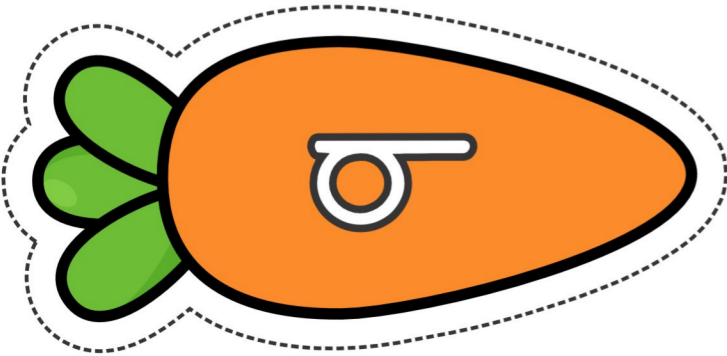

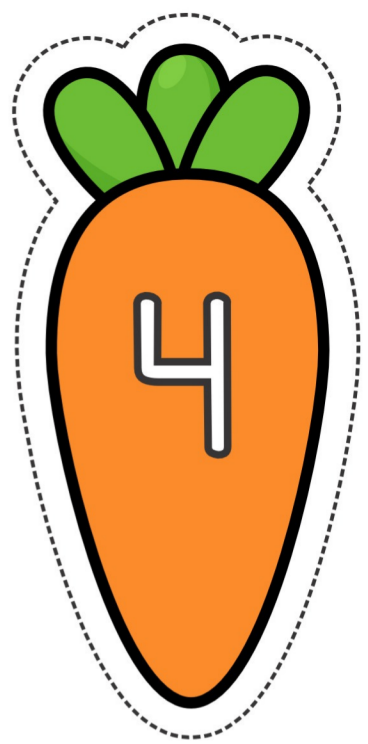

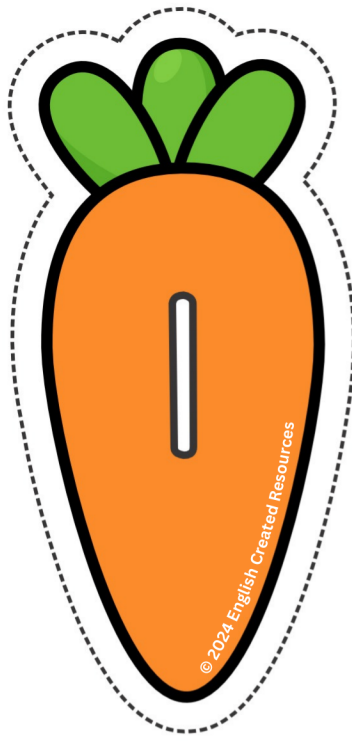

3. Alternatively, find the carrot that has the numeral which matches the rolled number and post that specific carrot through the bunny's mouth. For example, if you roll a four on the dice, then find the single carrot that has the number 4 written on it. Post only that carrot into the mouth.

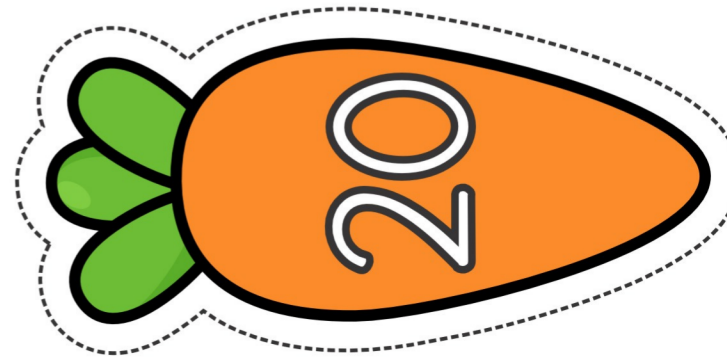

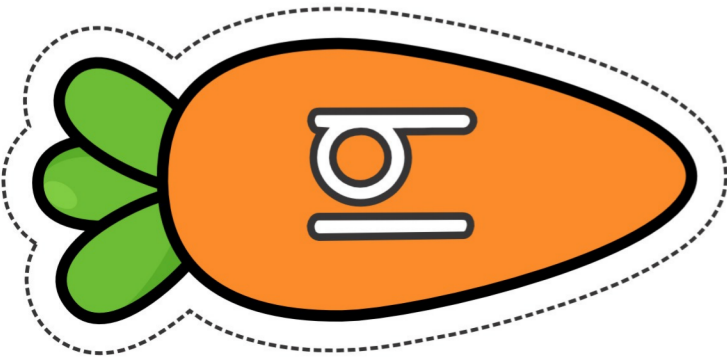

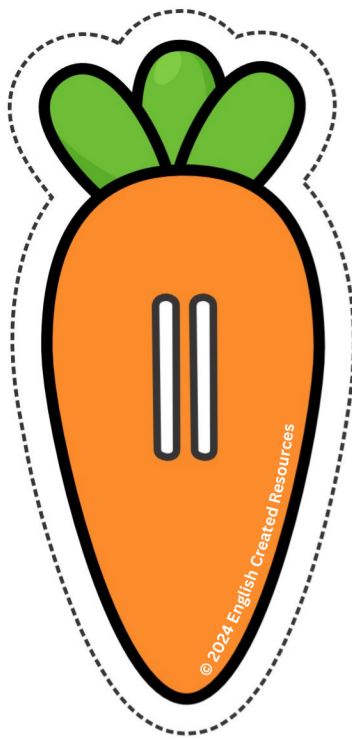

How to Play the alphabet activity

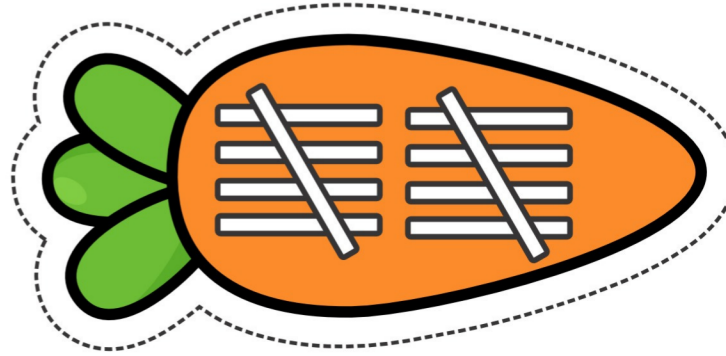

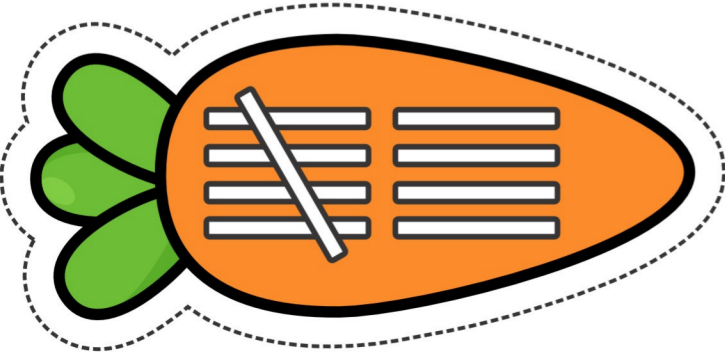

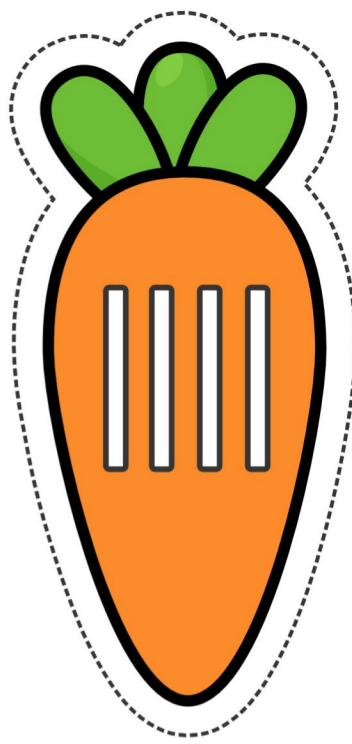

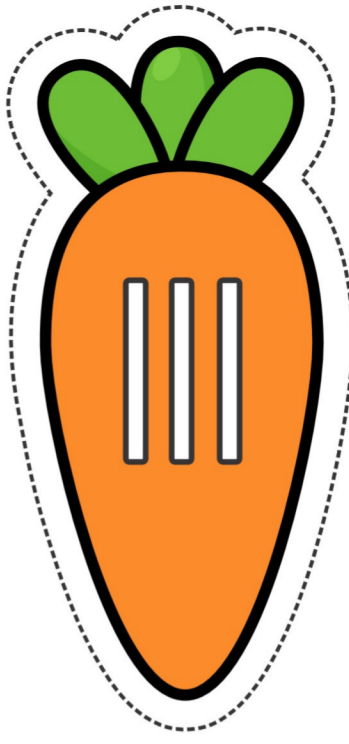

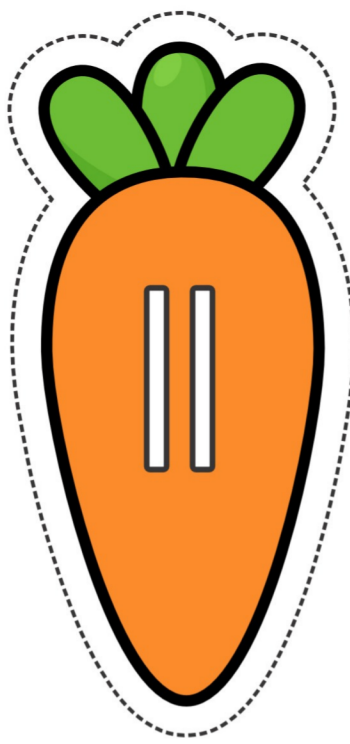

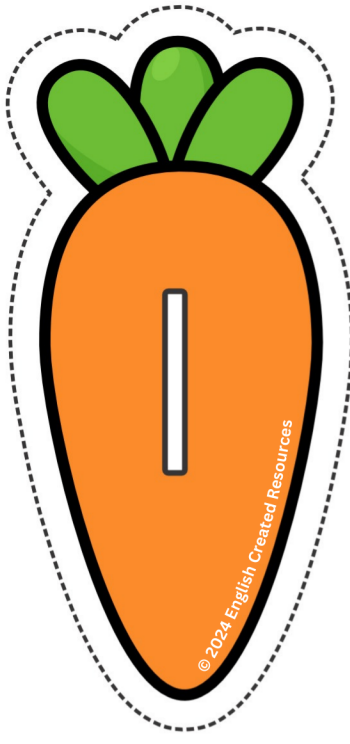

- 1 Find the carrot with the letter you want to teach your child and show it to them. Have your child repeat the letter and feed it to the bunny.
- 2 For children with no prior experience with letters, start small! You can start with 3-4 letters a day, then add a new letter each day.
- 3 Once your child starts recognizing letters, place a set of 3 or 4 letters in front of them (for example A, B, C, D]. Then ask them to find the letter "A" and feed it to bunny while repeating the letter.
- 4 Once it becomes very easy to identify the correct letter in a set of 3 or 4 letters, add more letters to make it harder. Eventually, your child will be able to find the correct letter among the entire alphabet.
- 5 Write the lower case letter on the lined paper for your student to find the correct upper case carrot.
- 6 You can also practice phonetics with preschoolers using this activity! For beginning learners, say the phonetic sound of each letter and have your child repeat it before feeding it to the bunny. For intermediate learners, ask the child to say the sound of the letter. Finally, for advanced learners, say the phonetic of the letter and ask the child to find that letter.
