All Things Pink color emergent reader is the seventh book in the Colors emergent reader series of 11 books. All Things Pink is a color word book using the color word PINK; along with repetitive text and sight words.

Students will highlight the color word in each sentence, and then color the picture on each page. They then read the sentences, which introduce them to sight words! Each page in this book has the exact same sentence pattern, which is perfect for new readers.

This color emergent reader will help teach your struggling readers how to read. To be successful, read the books daily.

This book requires very little prep. When putting the books together, simply print them on paper, cut across the middle, and staple on the sides. You can also print them front and back to save paper.

**This book is also part of a set.
